

**Product Specifications**

When paired with our standard Firewall Signs you can use our 3" tape to cover the entire length of the Fire and/or Smoke Barrier. This way it doesn't matter what location you view the wall from, you will know right away that it is a Fire and/or Smoke Barrier.

Sizing	
Overall Dimensions	3" Wide x 30 Yards Long
Barrier Type Text Size	3/8"

**Physical Properties**

<b>STANDARDS MET:</b>	When paired with Kolbi Firewall Signs this product complies to IBC (International Building Code) 703.7 2018
<b>INSTALLATION INSTRUCTIONS:</b>	Applied to a clean dry surface above 32°F (0°C)
<b>SERVICE TEMP:</b>	-40°F to 176°F (-40°C to 80°C)
<b>WATER RESISTANCE:</b>	Good, Product has passed submersion tests
<b>FINISH:</b>	High Gloss
<b>MATERIAL PROPERTIES:</b>	4 Mil vinyl with pressure sensitive adhesive backing
<b>Adhesive Properties</b>	Aggressive permanent acrylic adhesive
	Stainless Steel 54 oz/in (594 N/m), Acrylic 56 oz/in (616 N/m)
	Glass 53 oz/in (599 N/m), Polypropylene 51 oz/in (561 N/m) Expected Shear: 5 hours, Tack gm (740)
<b>INK PROPERTIES:</b>	Inks resistant to fading with UV exposure, Semi-Gloss Finish
<b>STORAGE STABILITY:</b>	2 years stored at 70°F (21°C) and 50% RH
<b>OUTDOOR DURABILITY:</b>	4 to 6 years
<b>ABRASION RESISTANCE:</b>	Good
<b>CHEMICAL RESISTANCE:</b>	Resistant to Acids, Alkalis and Salts
